

CERTIFICATE OF COMPLIANCE

Certificate Number 20121219-E328086
Report Reference E328086-20091020
Issue Date 2012-DECEMBER-19

Issued to: MICHAEL RIEDEL TRANSFORMATORENBAU GMBH
MAX-EYTH STR 10
74532 ILSHOFEN GERMANY

This is to certify that representative samples of COMPONENT - SYSTEMS, ELECTRICAL INSULATION
Class 155 (F) transformer insulation system designated C290HE, 155-1

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: Systems of Insulating Materials - General, UL 1446
Additional Information: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Recognized Component Mark should be considered as being covered by UL's Recognition and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: , may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Recognized Component Mark on the product.

William R. Carney, Director, North American Certification Programs
